October 11, 2023 Board Report

I. PROFESSIONAL DEVELOPMENT

A. WASA Training: October 2

This month, we continued to participate in our PLC Leadership Team Trainings at the district office. The topic of the professional development was Setting the Stage for Common Assessments presented by Kim Bailey. The goals for the training were to review the characteristics of quality common assessments, to examine and practice the processes needed for team-designed assessments and strategies to support their development, and to create a game plan for building shared knowledge and supporting implementation of common assessments within the school and district.

After the meeting, there was time built into the day for the PLC Leadership Team to plan for the next Late Start Monday, whole group professional development. Attached is a copy of the PowerPoint presentation created by the team for the meeting that took place on Monday.

B. True Measure Training: October 4

We also offered a continued professional development opportunity to Jenkins staff on Instructional Desing to Reach All Learners, Session II. About twelve teachers attended the training that focused on the Universal Design of Learning (UDL). Copies of the UDL Guidelines for Action and Expression, Representation, and Engagement have been attached.

C. ESD 101 Training

Our building secretary, Cheryl Sawyer, attended a training course at the ESD to learn how to more effectively utilize the functions of Skyward to send attendance letters using the automated system. This will allow us to more efficiently and quickly send out letters to parents and guardians when their students have unexcused absences that need to be addressed.

II. AESD Accreditation

On Tuesday, October 10th, I met with the mentor principal from the Association of Educational Service Districts, regarding the organization of our three-year review for our Jenkins High School accreditation status. The meeting was exciting as I was able to share the work that we have done on improving our PLC systems, which was one of the goals for our

three-year review. October 25th I will be presenting an update of our SIP plan goals to the Accreditation Board at the ESD 101.

III. Parent Advisory Committee Meeting

On October 10th at 6:30 PM we had our first PAC meeting of the year. We had six parents and one board member present for the meeting. Our guest speaker was Vanessa Bigler, our school counselor. She did an excellent job explaining to the committee the goals and services of the counseling department.

The committee was also able to tour the newly remodeled science classrooms as part of the meeting. I received feedback from one of the participants that it was really neat to actually see the near end product of the vision from several years ago when they were a member of the Science Improvement Committee that traveled to Olympia, WA for the Science Conference.

Last, I presented some basic information regarding our District and School Improvement Plans. I am using a feedback method this year that will utilize a Microsoft tool called Forms so that members of the committee can communicate in a more effective and private way with administration.

Board Report - October 2023

Quartzite Learning and Open Doors

We have two teachers attending the Aurora Institute Symposium Oct 15-17. It is described on their website as the following: "The Aurora Institute Symposium is the field's largest gathering of education innovators working to transform K-12 education. At the Symposium, you'll find attendees from across the education innovation space who are pushing for learning to happen outside of traditional school walls, and to be more personalized, competency-based, and future-focused." We are excited to learn from our staff that attend the symposium.

The fall round of MAP testing has been completed at the secondary level. We will be reviewing data and looking at what extra supports we can provide students to help them be successful. Over the next month, staff will also be taking what they have learned from Larry Ainsworth and writing formative assessments aligned to standards to use with their students.

Food Service

We are working on the Farm-to-School grant and are excited about the new avenues for purchasing locally that this could help open up. We have also received funds for the Fresh Fruit and Vegetable program to be implemented at Gess Elementary. Typically, that program would start October 1, but we are still working things out and looking for additional staff to help with the facilitation of the program. We are working with the ESD to look at training opportunities for a few new recipes so that we can try them out as well.

CTE

Career and Tech Ed at OSPI sent out verification reports to each district this year. The current systems that are in place for managing courses and approvals at the state level are very difficult to navigate. This report was extremely helpful in determining where we are at and what needs to be done to maintain compliance in our program. We have some work that needs to be done so that we can continue to receive enhanced CTE funding for some of our current courses but don't feel that this will be a barrier in any way.

Grants

There are a few grants open from OSPI that follow the budget biennium available for capital improvements. We will be working on applications for the following grants: Urgent Repair Grants, Healthy Kids Healthy Schools, and the Career Preparation and Launch grant. We will be working closely with the maintenance department to prioritize projects for these grants.

We develop relationships with staff, families, and students to create and implement effective individualized education plans that meet student's needs across settings and domains of learning fostering independence and promoting life-long learning.

Child Count + Demographics:

Enrollment in special education, like the overall district, is up. As of Child Count on October 1st, we are serving 144 students overall in special education, which is up from 134 ending June 2023.

Based on Child Find requirements, we are currently conducting 5 initial evaluations for special education.

Student Learning:

Mrs. Rosa Lehrbus manages students in grade 7-12, plus students ages 18-21 with significant support needs. She is a master at differentiating instruction and provides all learners with a variety of engaging, relevant coursework to meet the needs of her students.

She currently has an Adult Daily Living course wherein high school students with disabilities are participating in a "living on your own" simulation. Students have chosen career paths and are researching expected wages. They are also using coordinate grid skills to identify and locate important locations on a map such as medical facilities, parks, city hall, shopping center and bus station. An extension activity had us looking at a map of Chewelah and labeling the same important locations. The simulation continued with finding jobs, banking, budgeting, and public transportation. This week we started Part 5 where our Rivertown residents need to find a place to live. There have been plenty of teachable moments that take the class out of Rivertown and into the real world.

Mrs. Lehrbus is also the advisor to the "Unified Champions Club" which seeks to build understanding of disabilities in the student body. The first week of December is "Inclusive Schools Week" and Mrs. Lehrbus is busy planning a variety of activities to build empathy and understanding for adolescents with disabilities.

Professional Development:

True Measure Collaborative facilitated a second meeting at Jenkins on October 4th for secondary teachers. We continued with our learning in Universal Design for Learning. TMC also began coaching at

Jenkins and provided teachers (Jacob Lee, Lavonne Smith, and Jerome Shoemaker). During coaching, they are sharing things to continue, change, and consider. Feedback has been very high quality and meaningful for teachers. I expect this to be highly impactful.

Mrs Krouse, Mrs. Jungblom, and myself attended the Pacific Northwest Special Education + the Law Conference. Topics included discipline in Section 504 and IDEA, Autism and Applied Behavior Analysis, Manifestation Determinations, and an overview of case law from the past several years.

Staffing:

Given the current support needs of our students, we are pleased to be fully staffed at this time.

We have contracted with Jennifer Marshall to have Jessica Conkle provide communication services to students while Mrs. Bennetch is out on maternity leave.

We have also contracted with Nadine Whitney, a certificated special education teacher, to provide IEP support to out-of-endorsement special education teacher, Sheri McDonald.

SICK LEAVE

I. Paid Sick Leave for Certificated and Classified Staff Non-Substitute Members This section applies to hired employees.

The district shall will grant each represented or full-time non-represented certificated and classified staff member of the district sick leave days annually in accordance with RCW 28A.400.300 and applicable collective bargaining agreements.

Unused sick leave <u>days</u> may be accumulated <u>on_a from</u>-year-to-year <u>basis</u> up to a maximum of one hundred eighty days for the purposes of RCW 28A.400.210 and 28A.400.220, and for leave purposes up to a maximum of the number of contract days agreed to in a given contract, but not greater than one year.

The district may require a signed statement from a healthcare provider for any absence in excess of five consecutive days. Pursuant to WAC 296-128-660, if the district requires such verification from a nonexempt staff member and the staff member believes obtaining verification would result in an unreasonable burden or expense, the staff member may contact the Ssuperintendent orally or in writing. Verification must be provided to the district within 10 calendar days of the first day a nonexempt staff member used paid sick leave to care for themselves or a family member.

If sick leave benefits are exhausted, the board may grant leave without pay for the balance of the year upon the recommendation of the superintendent/designee.

II. Attendance Incentive Program for Certificated and Classified Non-Substitute Staff Members

This section applies to hired employees

In January of the year following any year in which a minimum of 60 days of sick leave is accrued, and each January thereafter, any eligible staff member, (represented or full-time non-represented certificated or classified) are eligible and may exercise an option either:

- A. To received remuneration for unused sick accumulated in the previous year in an amount equal to one day's monetary compensation of the staff member for each four full days of accrued sick leave in excess of 60 days; or
- B. To add that year's sick leave to the staff member's accumulated sick leave.

All such leave for which the staff member receives compensation will be deducted from accumulated sick leave at the rate of four days for every one day's monetary compensation.

A staff member may cash-out all accrued sick leave at the above rate at the time of an eligible separation from employment as set forth in RCW 28A.400.210 and Chapter 392-136 WAC.

The administrator of the estate of a deceased staff member may also cash-out all accumulated sick leave at the rate of one day's monetary compensation for every four days of leave. A

certified copy of the death certificate and proper documentation of court appointment as administrator of the estate must be submitted to the district office.

III. Additional Paid Sick Leave Provisions

A. Other Nonexempt Staff Members – (examples include substitute employees except coaches which are excluded in this section)—Referred to in this section as staff members.

Nonexempt Sstaff members are covered by the sick leave provisions of RCW 28A.400.300 and are also covered by the sick leave provisions of RCW 49.46.210 and Chapter 296-128 WAC beginning January 1, 2018.

In general, the sick leave benefits provided under RCW 28A.400.300 are more generous than those required by RCW 49.46.210 and Chapter 296-128 WAC. Below, however, are some of the rights that staff members are entitled to under RCW 49.46.210 and Chapter 296-128 WAC:

- 1. Nonexempt Sstaff members must accrue at least one hour of paid sick leave for every forty hours worked.
- 2. Nonexempt staff members are entitled to use their accrued paid sick leave beginning on the ninetieth calendar day after the commencement of their employment.
- 3. Nonexempt Sstaff members may use paid sick leave to care for themselves or their family members, when the staff members' workplace or children's school or place of care has been closed by a public official for any health-related reason, or for absences that qualify for leave under the Domestic Violence Leave Act.
- 4. Nonexempt Sstaff members must be permitted to carry over at least forty hours of paid sick leave to the following year (year is classified at August 1st through July 31st).
- 5. Retaliation against a <u>nonexempt</u> staff member for lawful exercise of paid sick leave rights is prohibited.
- B. Reasonable Notice for the Use of Paid Sick Leave (Optional section)

 Nonexempt Sstaff members must provide reasonable advance notice of an absence from work for the use of paid sick leave to care for themselves or a family member. Please provide such reasonable notice to supervisor or building secretary. Any information provided will be kept confidential. If a nonexempt staff member's absence is foreseeable, the staff member must provide notice to supervisor or building secretary at least 10 days, or as early as possible, before the first day paid sick leave is used. If a nonexempt staff

member's absence is unforeseeable, the staff member must contact supervisor or building secretary as soon as possible.

A <u>nonexempt</u> staff member must give advance oral or written notice to supervisor or building secretary as soon as possible for the foreseeable use of paid sick leave to address issues related to the staff member or the staff member's family member being a victim of domestic violence, sexual assault, or stalking. If a <u>nonexempt</u> staff member is unable to give advance notice because of an emergent or unforeseen circumstance related to the staff member or the staff member's family member being a victim of domestic violence, sexual assault, or stalking, the staff member or a designee must give oral or written notice to supervisor or building secretary no later than the end of the first day that the staff member takes such leave.

C. Frontloaded Paid Sick Leave (Optional section)-Superintendent Perrins and Business Manager Schneider recommend removing this section.

The district will provide eligible nonexempt staff members with a notification of frontloaded paid sick leave. This notification will provide details of the amount of paid sick leave hours that will be placed into a nonexempt staff member's paid sick leave bank at the start of their employment. It will include the calculations used to determine the frontloaded hours, the paid sick leave accrual year, and a staff member's eligibility details. Unused frontloaded paid sick leave balances of 40 hours or less will carry over to the following year.

The district will make written or electronic notification to a nonexempt staff member for each paid sick leave frontloading period, providing the amount of paid sick leave frontloaded, the calculation used to determine the amount of paid sick leave, and any adjustments based on additional accrued hours. If a nonexempt staff member's frontloaded paid sick leave is less than the amount they were entitled to accrue, the district will make any additional amounts of paid sick leave available for the staff member's use no later than 30 days after the discrepancy is identified.

If a nonexempt staff member uses more paid sick leave than the staff member would have accrued absent frontloading, the district will not seek reimbursement from the staff member for the paid sick leave used.

The Washington Constitution prohibits the use of voted bond proceeds to replace equipment. Proceeds from other sources are also governed by state law and may be used for major renovation and replacement including but not limited to roofing, heating and ventilating systems, floor covering and electrical systems; renovation of play fields and other district real property; energy audits, capital improvements and major items of equipment, furniture and implementing technology systems, facilities and projects, including acquiring hardware, licensing software and on-line applications that are an integral part of the district's technology systems. The district may transfer surplus investment earnings from the DSF to any other school district fund; provided that, such investment earnings are spent only for instructional supplies, equipment or capital outlay purposes. The district may transfer such investment earnings to other school district funds unless the resolution authorizing the voted bonds requires investment earnings to remain in the DSF to secure payment of voted bonds, thereby reducing future tax collections and the corresponding tax levy rate. The superintendent or designee should consult with the board and appropriate staff prior to transferring interest earnings out of the DSF.

Non-voted bonds are required to be repaid from the school district's DSF, rather than the fund that actually received the non-voted bond proceeds. As a result, to pay principal of and interest on the non-voted bond, an operating transfer must be used from the CPF (or other fund) to the DSF. The school district should create a separate account within the DSF to repay the non-voted bond. The district should internally segregate the money pledged to repay the non-voted bond from any excess property taxes deposited in the DSF for the repayment of voted bonds.

-Prior to the issuance of a non-voted bond the superintendent or a designee shall will review the repayment process with the board and the county treasurer. The proceeds from the sale of real property may be placed in the DSF or CPF, except for the amount required to be expended for the costs associated with the sale of such property.

The financial resources of the Associated Student Body Program Fund (ASB Fund) are for the benefit of students. Student involvement in the decision-making processes related to the use of this money is an integral part of the associated student body, except that the board may delegate the authority to a staff member to act as the associated student body for any school which contains no grade higher than grade six.

RESOLUTION NO. 2023/24-01

A RESOLUTION of the Board of Directors of Chewelah School District No. 36, Stevens County, Washington, providing for the submission to the voters of the District at a special election to be held on February 13, 2024, of a proposition authorizing an excess tax levy to be made annually for four years commencing in 2024 for collection in 2025 of \$1,300,000, in 2025 for collection in 2026 of \$1,350,000, in 2026 for collection in 2027 of \$1,400,000, and in 2027 for collection in 2028 of \$1,450,000, for the District's General Fund to pay expenses of educational programs and operation; designating the Secretary to the Board and special counsel to receive notice of the ballot title from the Auditor of Stevens County, Washington; and providing for related matters.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF CHEWELAH SCHOOL DISTRICT NO. 36, STEVENS COUNTY, WASHINGTON, as follows:

- Section 1. Findings and Determinations. The Board of Directors (the "Board") of Chewelah School District No. 36, Stevens County, Washington (the "District"), takes note of the following facts and makes the following findings and determinations:
- (a) Calendar year 2024 is the last year of collection of the District's current four-year General Fund educational programs and operation tax levy, which was authorized pursuant to Resolution No. 2019/20-02, adopted by the Board on December 11, 2019, and approved by the voters at a special election held and conducted within the District on February 11, 2020.
- (b) With the expiration of the District's current four-year General Fund educational programs and operation tax levy, it appears certain that the money in the District's General Fund for the school years 2024-2025, 2025-2026, 2026-2027, 2027-2028 and 2028-2029 will be insufficient to permit the District to meet the educational needs of its students and pay expenses of educational programs and operation not funded by the State of Washington, all as more particularly set forth in Section 3 of this resolution, during such school years, and that it is necessary that a replacement excess tax levy of \$1,300,000 be made in 2024 for collection in 2025, \$1,350,000 be made in 2025 for collection in 2026, \$1,400,000 be made in 2026 for collection in 2027, and \$1,450,000 be made in 2027 for collection in 2028 for the District's General Fund to provide the money required to meet those expenses.
- (c) The District's proposed four-year General Fund educational programs and operation tax levy authorized in this resolution provides for approximately the same educational programs and operation purposes as the District's expiring four-year General Fund educational programs and operation tax levy.
- (d) Pursuant to Article VII, Section 2(a) of the Washington Constitution and Revised Code of Washington ("RCW") 84.52.053, the District may submit to its voters at a special election, for their approval or rejection, a proposition authorizing the District to levy annual excess property

taxes for support of (i.e., to pay or finance) the District's educational programs and operation expenses.

- (e) The District has received or, prior to the time the ballot proposition authorized in this resolution is submitted to the voters, the District will have received approval of its educational programs and operation tax levy expenditure plan from the Office of the Superintendent of Public Instruction under RCW 28A.505.240 as required by RCW 84.52.053(4), a copy of which is or will be on file with the District.
- Section 2. Calling of Election. The Auditor of Stevens County, Washington, as ex officio Supervisor of Elections (the "Auditor"), is requested to call and conduct a special election in the manner provided by law to be held in the District on February 13, 2024, for the purpose of submitting to the District's voters, for their approval or rejection, the proposition authorizing a replacement General Fund educational programs and operation tax levy on all of the taxable property within the District (the assessed value of such representing 100% of true and fair value unless specifically provided otherwise by law) to be made annually for four years commencing in 2024 for collection in 2025 of \$1,300,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.55 per \$1,000 of assessed value, in 2025 for collection in 2026 of \$1,350,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.55 per \$1,000 of assessed value, in 2026 for collection in 2027 of \$1,400,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.55 per \$1,000 of assessed value, and in 2027 for collection in 2028 of \$1,450,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.55 per \$1,000 of assessed value, all in excess of the maximum tax levy allowed by law for school districts without voter approval. The exact tax levy rate and amount to be collected may be adjusted based upon the actual assessed value of the taxable property within the District and the limitations imposed by law at the time of the tax levy.
- Section 3. Use of Taxes. If the proposition authorized by this resolution is approved by the requisite number of voters, the District will be authorized to levy the excess property taxes up to the amounts provided in this resolution to meet the educational needs of its students and pay expenses of educational programs and operation not funded by the State of Washington during the school years 2024-2025, 2025-2026, 2026-2027, 2027-2028 and 2028-2029, all as may be authorized by law and determined necessary by the Board. Pending the receipt of those taxes, the District may issue short-term obligations pursuant to chapter 39.50 RCW or contract indebtedness pursuant to RCW 28A.530.080. Upon receipt, the District may use those taxes to repay such short-term obligations or indebtedness, all as may be authorized by law and determined necessary and advisable by the Board.

- Section 1. Findings and Determinations. The Board of Directors (the "Board") of Chewelah School District No. 36, Stevens County, Washington (the "District"), takes note of the following facts and makes the following findings and determinations:
- (a) Calendar year 2024 is the last year of collection of the District's current four-year General Fund educational programs and operation tax levy, which was authorized pursuant to Resolution No. 2019/20-02, adopted by the Board on December 11, 2019, and approved by the voters at a special election held and conducted within the District on February 11, 2020.
- (b) With the expiration of the District's current four-year General Fund educational programs and operation tax levy, it appears certain that the money in the District's General Fund for the school years 2024-2025, 2025-2026, 2026-2027, 2027-2028 and 2028-2029 will be insufficient to permit the District to meet the educational needs of its students and pay expenses of educational programs and operation not funded by the State of Washington, all as more particularly set forth in Section 3 of this resolution, during such school years, and that it is necessary that a replacement excess tax levy of \$1,345,000 be made in 2024 for collection in 2025, \$1,410,000 be made in 2025 for collection in 2026, \$1,465,000 be made in 2026 for collection in 2027, and \$1,525,000 be made in 2027 for collection in 2028 for the District's General Fund to provide the money required to meet those expenses.
- (c) The District's proposed four-year General Fund educational programs and operation tax levy authorized in this resolution provides for approximately the same educational programs and operation purposes as the District's expiring four-year General Fund educational programs and operation tax levy.
- (d) Pursuant to Article VII, Section 2(a) of the Washington Constitution and Revised Code of Washington ("RCW") 84.52.053, the District may submit to its voters at a special election, for their approval or rejection, a proposition authorizing the District to levy annual excess property

taxes for support of (i.e., to pay or finance) the District's educational programs and operation expenses.

- (e) The District has received or, prior to the time the ballot proposition authorized in this resolution is submitted to the voters, the District will have received approval of its educational programs and operation tax levy expenditure plan from the Office of the Superintendent of Public Instruction under RCW 28A.505.240 as required by RCW 84.52.053(4), a copy of which is or will be on file with the District.
- Section 2. Calling of Election. The Auditor of Stevens County, Washington, as ex officio Supervisor of Elections (the "Auditor"), is requested to call and conduct a special election in the manner provided by law to be held in the District on February 13, 2024, for the purpose of submitting to the District's voters, for their approval or rejection, the proposition authorizing a replacement General Fund educational programs and operation tax levy on all of the taxable property within the District (the assessed value of such representing 100% of true and fair value unless specifically provided otherwise by law) to be made annually for four years commencing in 2024 for collection in 2025 of \$1,345,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.59 per \$1,000 of assessed value, in 2025 for collection in 2026 of \$1,410,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.59 per \$1,000 of assessed value, in 2026 for collection in 2027 of \$1,465,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.59 per \$1,000 of assessed value, and in 2027 for collection in 2028 of \$1,525,000, the estimated dollar rate of tax levy required to produce such an amount being \$1.59 per \$1,000 of assessed value, all in excess of the maximum tax levy allowed by law for school districts without voter approval. The exact tax levy rate and amount to be collected may be adjusted based upon the actual assessed value of the taxable property within the District and the limitations imposed by law at the time of the tax levy.
- Section 3. Use of Taxes. If the proposition authorized by this resolution is approved by the requisite number of voters, the District will be authorized to levy the excess property taxes up to the amounts provided in this resolution to meet the educational needs of its students and pay expenses of educational programs and operation not funded by the State of Washington during the school years 2024-2025, 2025-2026, 2026-2027, 2027-2028 and 2028-2029, all as may be authorized by law and determined necessary by the Board. Pending the receipt of those taxes, the District may issue short-term obligations pursuant to chapter 39.50 RCW or contract indebtedness pursuant to RCW 28A.530.080. Upon receipt, the District may use those taxes to repay such short-term obligations or indebtedness, all as may be authorized by law and determined necessary and advisable by the Board.

RESOLUTION NO. 2023/24-02

A RESOLUTION of the Board of Directors of Chewelah School District No. 36, Stevens County, Washington, providing for the submission to the voters of the District at a special election to be held on February 13, 2024, of a proposition authorizing an excess tax levy to be made annually for four years commencing in 2024 for collection in 2025 of \$210,000, in 2025 for collection in 2026 of \$210,000, in 2026 for collection in 2027 of \$210,000, and in 2027 for collection in 2028 of \$210,000 for the District's Capital Projects Fund to support the modernization and remodeling of school facilities; designating the Secretary to the Board and special counsel to receive notice of the ballot title from the Auditor of Stevens County, Washington; and providing for related matters.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF CHEWELAH SCHOOL DISTRICT NO. 36, STEVENS COUNTY, WASHINGTON, as follows:

- Section 1. Findings and Determinations. The Board of Directors (the "Board") of Chewelah School District No. 36, Stevens County, Washington (the "District"), takes note of the following facts and makes the following findings and determinations:
- (a) Calendar year 2024 is the last year of collection of the District's current three-year Capital Projects Fund tax levy, which was authorized pursuant to Resolution No. 2020/21-12, adopted by the Board on July 21, 2021, and approved by the voters at a special election held and conducted within the District on November 2, 2021.
- (b) The existing condition of school facilities requires the District to support the modernization and remodeling of school facilities by making health, safety and site improvements, all as more particularly defined and described in Section 2 herein (collectively the "Projects").
- (c) With the expiration of the District's current three-year Capital Projects Fund tax levy, it appears certain that the money in the District's Capital Projects Fund will be insufficient to permit the District to pay costs of the Projects, and that it is necessary that a replacement excess tax levy of \$210,000 be made in 2024 for collection in 2025, \$210,000 be made in 2025 for collection in 2026, \$210,000 be made in 2026 for collection in 2027 and \$210,000 be made in 2027 for collection in 2028 for the District's Capital Projects Fund to provide the money required to pay those costs.
- (d) The proposed four-year Capital Projects Fund tax levy authorized in this resolution will replace the District's expiring three-year Capital Projects Fund tax levy.
- (e) Pursuant to Article VII, Section 2(a) of the Washington Constitution and Revised Code of Washington ("RCW") 84.52.053, the District may submit to its voters at a special election, for their approval or rejection, a proposition authorizing the District to levy annual excess property taxes to support (*i.e.*, to pay or finance) costs of the Projects.

The superintendent is authorized to credit past service of an applicant for employment in the district for placement on the wage or salary guide consistent with the terms of applicable bargaining agreements. The superintendent or designee will establish salary schedules for non-represented employees and present the schedules to the board for approval. In establishing salary schedules, the superintendent or designee will comply with any requirements regarding inflationary increases. For certain positions, like the superintendent or other district-level administrators, the compensation will be established by individual employment contracts.

In order to advance one step on the salary schedule, a staff member must have served at least one-half of the prior work year with the district.

C. Administrative Salaries Reproduction of Annual Salary Schedules for Certificated Employees

The board will establish and follow salary schedules for administrative staff based upon professional preparation, experience and position. When appropriate, such salary schedules will be consistent with the terms of applicable bargaining agreements. The district will reproduce the annual salary schedules for all certificated employees approved by the board through a reasonable method, like printing.

D. Application of Course Credits to the Certificated Salary Schedule (No longer a state requirement and WSSDA deleted it, but Business Manager Schneider recommends keeping it because it reflects district practice.)

The district will provide for the review and adjustment of certificated staff contracts on the basis of information filed with the personnel office by September 30th. The staff member will provide the personnel office, according to schedule, with the required information, including official college or university transcripts, official records of degrees completed, official records of approval and completion of authorized work for equivalent credits and all other pertinent data for contract adjustment purposes.

Credits earned by certificated staff will be eligible for application to the <u>state_district</u> salary schedule <u>only</u> if the course content meets <u>one of the following criteria the Professional</u>

Educator Standards Board (PESB) approval standards.÷

- The course is consistent with a school-based plan for mastery of student learning goals identified in the annual school performance report for the school in which the staff member is assigned;
- 2. The course pertains to the individual's current assignment or expected assignment for the subsequent school year;
- 3. The course is necessary to obtain an endorsement required by the Washington Professional Educator Standards Board;
- 4. The course is specifically required to obtain an advanced level of certification;
- The course is part of a college or university degree program that pertains to the staff member's current or potential future assignment as instructional staff; or
- 6.1. The course addresses research based assessment and instructional strategies for students with dyslexia, dysgraphia and language disabilities when addressing Washington State Learning Goal One. These requirements were in repealed WAC 392-121-262.

Military, Peace Corps, or Vista Service Credit WSSDA removed the following paragraph, but Business Manager Schneider recommends retaining it because this is district practice.

The superintendent is authorized to grant one year of increment credit for each year served in the military, Peace Corps or Vista service or professional employment, if such service interrupted the staff member's actual teaching career. For purposes of credit, one-half or more of a year of service will be counted as a full year.

ACCEPTANCE OF COMPLETED PROJECT

Final payment under contract shall be subject to the following

The district will follow all laws pertaining to liens and retainage relating to all public works projects. Those projects that are completed by the district are excluded from laws for liens and retainage.

For any contracted public works project, the district will not release final payment until the following items have been received (if applicable to the project):

- A. Completion of building commissioning;
- B. The architect's letter of inspection indicating that the work has been completed;
- C. Certification by the superintendent or designee that no liens have been filed on the project, or if liens have been filed, a certified list of the liens and their respective order of priority.; and
- D. Written final acceptance by the board.

Public works contracts are not considered complete until the board has taken action to accept the project as complete. This is not current district practice per Business Manager Schneider.

The district will follow its procedures and applicable state laws following acceptance of the project as complete to issue final payment to the contractor. This will be done no earlier than sixty (60) days following acceptance by the board, or receipt of all releases, whichever comes later.

For projects receiving state funding assistance, the district will follow all rules and regulations issued by the Office of the Superintendent of Public Instruction (OSPI). The district may elect to have OSPI act as its agent for the handling of retainage.

Pursuant to statute, final payment shall not be made until the district has received from the state department of revenue, state department of employment security, and state department of labor and industries certification that all taxes due, or to become due by the project's contractor, have been paid in full. The superintendent shall notify each department listed that the work is completed and officially accepted so that a determination of tax liabilities of the contractor may be made.

The contract shall provide that a percentage of the project cost shall be retained by the district as required by law to insure that the project shall remain free and clear of any materialmen, subcontractor or tax liens. The district prefers that five percent of all moneys earned by the contractor be reserved by the district and will request that the state board of education acting through the superintendent of public instruction act as agent of the school district for managing the cash retainage. The district will accept a bond submitted by the contractor for any portion of the retainage in a form acceptable to the district, and the superintendent of public instruction if state funds are part of the project, from a bonding company registered with the Washington state insurance commissioner and on the currently authorized insurance list published by the Washington state insurance commissioner, unless the district can demonstrate good cause for refusing to accept the bond.
